Parent Portal

Our parent portal is now live and offers parents and students the opportunity to keep track of classes attended each month! You can access the portal using the following link:

<https://member-site.net/myAccount/login.aspx?sid=V5>

The general password is "Kaizen". Please update your profile once you are in with your own personal password. Be sure to click only on the "Update Password" box with the new password issued. If you click on the "Update Email" box by accident and the box is empty, you will accidentally delete your email address from the system. If this happens and you cannot access the portal after the change, please send us an email and we can add your email address back to your profile.

You can check the portal as often as you wish! You or your child should have 8 classes logged by the end of April to be on track for Progress Review week. If you do not have enough classes, please be sure to speak with an instructor to find out how you can catch up in time for testing.

Please note that if every student must have a unique email address to be able to access the portal. If you are using one email for more than one family member currently enrolled at El Paso Karate, you will only be able to see the attendance of one family member. Email addresses can be obtained quickly from Google (gmail). The email address needs to be a working email address. If you have any questions please forward to northeastkarateb4@sbcglobal.net.
